

Junior League of Jackson Community Projects

The Junior League of Jackson carries out its mission of improving communities through the effective action and leadership of trained volunteers through its community projects. This service to the community shapes the Junior League of Jackson.

JUNIOR LEAGUE OF JACKSON

In collaboration with its community partners, the Junior League of Jackson places trained volunteers in a variety of community projects focused on improving the welfare of children and youth in our community in the focus areas of Arts & Education, Health, and Social Services.

This year, the Junior League of Jackson will place over 500 Active members and over 145 Provisional members as volunteers in 32 projects in the Metro Jackson community. These volunteers will provide over 33,000 hours of community service to children and youth. The joint and committed efforts of our volunteers and our community partners improve and enhance all of our lives.
